Dear Mr. Grow,

Re: Provo River Distribution System
Acct 43-52 Water Right Filing

Pursuant to your inquiry concerning the water right associated with Distribution Account 43-52 on the Provo River Distribution System, I have found the following information concerning the filing and ownership and use of the water under this account.

The original water right was filed in the Provo River Decree, Civil #2888, on page 20, par. 22(p) in the name of Andrew Forsythe for 8.00 acres, stockwatering and domestic uses delivered from the Lake Bottom Canal which is diverted from the Provo River. (See copy of the Decree, page 20 furnished to you.)

An exchange 189 was filed December 14, 1965 to exchange the original water right to a spring area above Bridle Veil Falls in Sec 34, T5S, R3E, SLBM. 1.5 acres of Class "A" water right was to be used in connection with the lodge and sky ride. (Please see copy of exchnage application describing uses and ownership.)

To get the ownership of this right up to date, we will require copies of the warranty deeds showing conveyance from Margaret M. Clegg to you as present owners. Please furnish us with photo copies of such so we can endorse our records with you as the current owners.

If I can be of further assistance, please feel free to call me at 538-7431.

Sincerely,

John S. Larsen, WR Spec. III
